

# *Henri's Notions*

*Music of Scotland, Ireland & Early America*

From soft finger-picked ballads to hard-driving jigs and reels, Henri's Notions creates a musical mix of traditional Celtic and American music as well as their own compositions that have a rhythm and voice reflective of their Southern heritage, which lends a pleasing familiarity to the music. The Notions draw from a broad palette of melodious sounds: the ardent sounds of fiddle, lilting flute, keen tin whistles, ringing mandolin, and bouzouki, all played over the resonant tones and drive of the rhythm section, consisting of acoustic guitar, percussion, and bass. Lead voices dance through the intricate embellishments that bring to life the old ballads and songs and all members lend voices frequently creating close, rich, well-balanced harmonies. The group makes a point to provide backgrounds on the songs and instruments used during their performance and this has allowed Henri's Notions to connect with, educate, and inspire audiences for over thirty years!

Henri's Notions has toured extensively in much of North America from West Palm Beach, Florida and Dallas, Texas to Fergus, Ontario and New York City and has performed abroad in Israel and Canada. Henri's Notions performs year-round in concerts, festivals, special events, and school programs. Having been a touring member of the Alabama State Council on the Arts and Southern Arts Federation, grants are often available to eligible presenters.
